SUCCEED WITH ISS MARKET INTELLIGENCE

Founded in 1985, the Institutional Shareholder Services group of companies (“ISS”) empowers investors and companies to build for long-term and sustainable growth by providing high-quality data, analytics, and insight. Comprised of seven discrete business lines, ISS is today the world’s leading provider of corporate governance and responsible investment solutions, market intelligence and fund services, and events and editorial content for institutional investors and corporations, globally.

ISS Market Intelligence (MI) division provides critical data and insight to global asset managers, insurance companies and distributors to help them make informed, strategic decisions to manage and grow their business. Through its industry-leading combination of proprietary and integrated datasets, in-depth global research and reliable executive engagement, ISS MI delivers solutions for market sizing, competitor benchmarking, product strategy and opportunity identification across a wide range of financial products including funds, annuities, insurance, mortgages, and other instruments. The ISS MI group includes the industry-leading data platforms BrightScope, Financial Clarity, Flowspring, Local Market Share, Mortgage Clarity and Simfund, as well as a full collection of global research and analytic services including 529 & ABLE Solutions, Investor Economics, Market Metrics, and Plan For Life.
